Joyce Sobotta is certified in aromatherapy and reflexology. Her mission is to empower women to love and accept themselves, through loving awareness and improvement of their breast health. This awareness unfolds with education about the lymphatic system and the use and benefits of therapeutic essential oils.

She offers Reiki, Metamorphosis, Raindrop Therapy, and presents monthly aromatherapy workshops in the Chippewa Valley.

Healthy Girls Breast Oil is a blend especially created to work synergistically to restore and improve breast health. Clinical studies have shown that monoterpenes found in certain therapeutic essential oils have "anti tumor activity, causing complete regression of the majority of cancer when added to the diet." Awaken to your true self with total breast health. Joyce is available to teach PHLUFFING and breast care to individuals, clubs and organizations.

Ladies
have you
Phluffed Your
Girls Today?

*Is it possible that one minute
a day could relieve pain,
reduce lumps, prevent breast
cancer and keep your breasts
soft, healthy & happy?*

**Phluffed Girls are
Happy Girls!!**

What is Phluffing?

Personal
Hand
Lymphatic
Undulation
Flow
Facilitation

Phluffing is a safe, easy, gentle movement given to the breasts at least twice a day.

Did you know that women take better care of their hair, nails, face and feet than their breasts?

Why should I Phluff?

Breasts are the least touched part of a woman's body. The body's immune system circulates lymph fluid to destroy cancer cells, viruses, bacteria, microorganisms, toxins and waste material.

When this lymph fluid is restricted, as with a bra, the lymph cannot circulate freely in the breast.

Daily Phluffing softens the breast and increases awareness of changes in the breast tissue.
Remember - EARLY DETECTION SAVES LIVES.

If your "girls" are "talking" to you, maybe they are asking for a Phluff!

When & Where

At home, at work, in your car, with or without clothing, preferably in the morning upon awakening, or showering, during the day and especially after the bra is removed at night.

HOW?

Phluff A

- Bend at waist or stand upright
- Cup your hands under each breast.
- Gently move your hand in an up and down motion as if fluffing a pillow.
- Phluff about 10 times

Phluff B

- Place the side of each hand under one breast onto the ribs.
- Move your hand left to right in a sideways motion, about 10 times
- Repeat for other breast

Spontaneous Phluffing

- Lift the bra straps and move up & down.
- Place your hands on each breast & gently press in as beeping a horn.

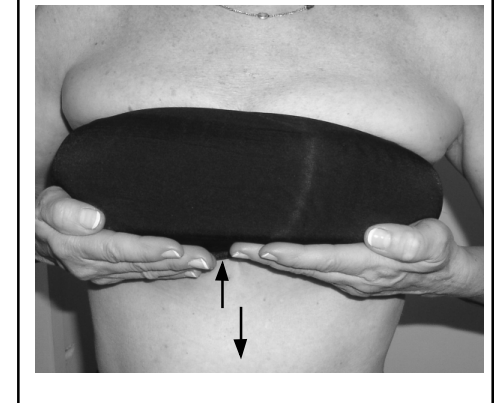

This is best done when sitting at a red light, watching TV, or any place at anytime.
10 times or more should do it!

*Big or small, young or old
it's always time to phluff the girls!*

After phluffing or a shower, a light massage with Healthy Girls Breast Oil* is very beneficial for the girls.
